Dear Parent(s),

This note accompanies the booklet for you and other parents at our church who want to dedicate themselves to raising their children for the Lord. Please read the booklet carefully and discuss with your spouse whether this is the commitment you want to make. If not, you should really wait until we have another dedication service before making this commitment publicly. It should be noted that all I require is that one of the parents be committed to this dedication. If you do wish to make this commitment at this time, please sign this commitment below and drop off at the church office prior to the Child Dedication.
